Kio Honda Temp Home

To whom it may concern

I'm writing this letter to let you know how blessed I am being here in this place. I want to thank you for every thing that you've done for me & my family. I arrived here June 24, 2008 and I never had as much fun as I had here. By staying here I have been to so many places. For example Knotts, Soakcity Disneyland & I even got to experience camping. Those are things that I never thought that I would be able to go. Everything has gone by so fast, feel like it was just yesterday that we came to Kio Honda. I want to thank all the staff for making my stay at Kio Honda very wonderful. Kio Honda made us see another side of life that I never thought existed & that's freedom & being stress free, and that's the best miracle that I could ever ask for. So thank you Kio Honda!

Sincerely,

Sally
